June 20, 2011

Mr. John Jarrett, President
Jarrett Construction Company
1605 Virginia Street East
Charleston, West Virginia 25311

Dear Mr. Jarrett,

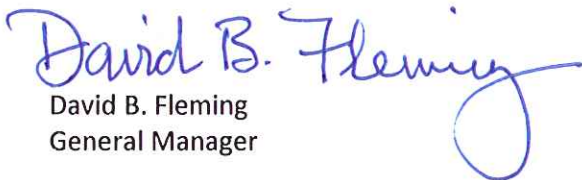

Please accept my thanks and the appreciation of the Board of Governors and membership of Edgewood Country Club for the fabulous job Jarrett Construction performed during the renovation of our now, very popular Grill Room at 1600.

Jarrett Construction was pivotal in the planning and transformation of one of the Club's most important dining rooms and your company performed every task in a timely, efficient and professional manner and as importantly within the designated budgeted constraints.

The time line was set and Ed Tyson and his men were on top of every issue before they became issues. The room has been an overwhelming overnight success and on behalf of the Club I would like to thank you for being personally involved in the vastly improved finished product...a great dining facility that is attractive to all of the membership at Edgewood Country Club.

The new room will certainly help in attracting new members and will also help us retain the great members that the oldest private country club in West Virginia is so proud to serve.

Best Regards,

David B. Fleming
General Manager
