Dear John;

The Genesis HealthCare organization extends our deepest appreciation to John Jarrett and Jarrett Construction Services, Inc. for a "project well done". I had the pleasure of working with the staff of Jarrett Construction Services on the extensive renovations to the Heritage Center, our facility located in Huntington, WV.

To complete major building renovations while maintaining facility operations and resident safety is never an easy process. The diligent coordination of construction activities, quality of installations, and the overall professionalism of their supervisory and management staff is directly attributed to the success of this project. We commend John Jarrett and his team of professionals for their superior quality of work and commitment to this project and look forward to working with Jarrett Constructions Services on many of our future building projects.

Sincerely,

Ray Mead
Sr. Project manager
