Mr. John Jarrett  
Jarrett Construction Services  
P.O. Box 7575  
Charleston, WV 25356

Dear John:

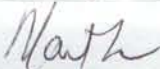

We are writing to express our thanks for the fine job you and your team at Jarrett Construction Services did in designing and building our office building at 2930 Chesterfield Avenue. From start to finish, we could not say enough good things about the professionalism, efficiency and speed with which you undertook and completed this design-build project.

We want to take this opportunity to especially thank; you, Eric Coffey, Wayne Anderson, Kim Gamber and please pass on our thanks to Wally and Todd. The owners and employees of Associated Cardiology are certainly proud to be in such a fine building and are enjoying the use of it immensely.

Please know that we would be happy to recommend your services to anyone and will call on you to assist us with any other construction matters should the opportunity arise.

Once again thank you and your staff.

Sincerely,

  
Martha C. Pettit

  
James J. Pettit, MD
